IARBC WOMEN'S CONFERENCE

SEPTEMBER 11-12, 2020

WELCOME TO WOMEN'S RENEW CONFERENCE, 2020!

It seems each month has brought some new, large-scale trial, sadness, confusion, or chaos. We desire that September can be the month that also, by God's grace, brings you spiritual transformation by the renewal of your mind through the Word of God and our time together! Women in the word is a fitting theme for this year, right? Where else will we find victory, peace, strength, truth, comfort, and confidence amidst such weary, trying times, but in God's Word?

Andy Stearns, a full-time professor at Faith Baptist Bible College & Theological Seminary, joins us this weekend to help us learn how to study our Bibles. Andy desires that every believer be supplied with the proper tools and techniques to spend sufficient and effective time in God's Word. Such a study is designed to result in loving God more, growing in personal holiness, and subsequently, profoundly share the Gospel of Christ. In many times, with no exception to current trends, we must walk well—genuinely, thoroughly, joyously!—with God and through His Word, if we are going to know Him, love Him, and live for Him. We must, essentially, be Women in the Word. May God graciously use our time together this weekend to grow and equip you for just that!

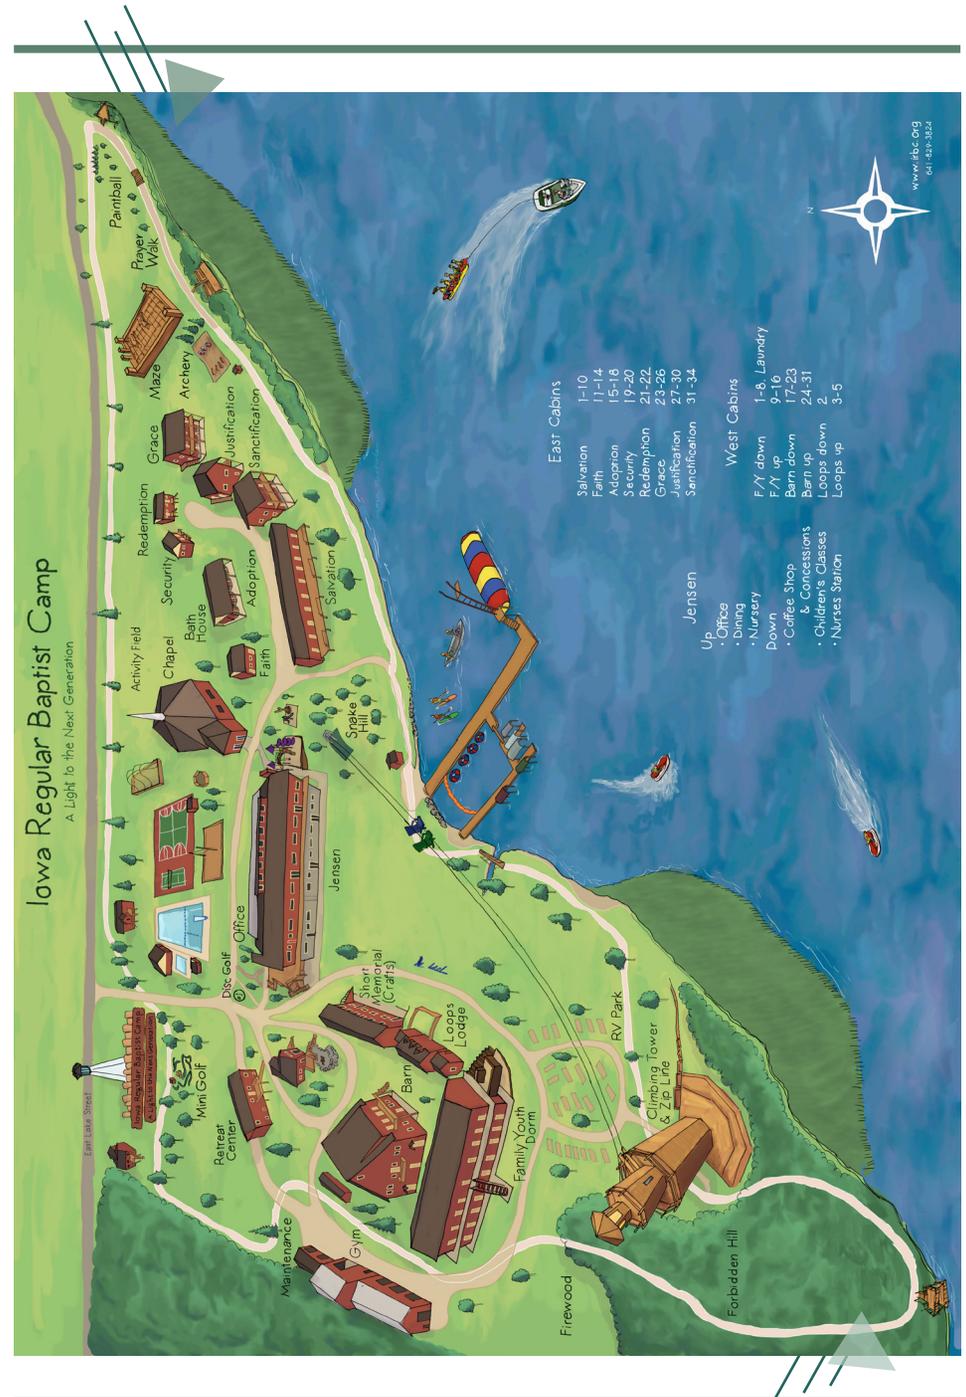

Blessings,
Renew Conference Committee

Cultivating Women's Study of God's Word | Ellen Moore

Friday at 2:00 pm

One of my passions is for women of the church to really know their Bibles. I believe the best way to know the Word is to study the Bible book by book. So my goal is to show how we can study a book from beginning to end. Not only that, but Jude is so relevant to our day and age. There are many false teachers out there, yanking verses out of context, leaving us feeling so confused. We as women need to know our Bibles, so we might fight the false teaching with truth, strengthen our families and help build the church of God.

Helping with the Word | Sydney Millage

Friday at 4:00 pm

Don't you love to give advice?! God's Word is full of good, sound, helpful advice. But does it really work? Starting with our original design and calling, we will look at how and why the Bible is God's agent of change in our lives. More than our purpose, we will see how God's perfection, provision, and Person accomplish His work of redemption. Only Jesus can transform the empty, chaotic, and dark parts of our lives into things of beauty, order, and purpose. Then, as He changes us, we are equipped to help others see and embrace the Living Word of God: Jesus.

Healing with the Word | Sydney Millage

Saturday at 10:30 am; repeated at 11:30 am

How do you know if you or someone else is experiencing abuse? Did Jesus talk about it? Learn what the Bible has to say about domestic abuse and how you can help. It's important to realize that a woman experiencing domestic abuse is not at fault. Her husband is responsible for his choices and behavior. She is only responsible for herself. Looking to Jesus will affect her thinking, actions, responses, worship and relationships. Learn how to help others find hope, help and healing, resulting in freedom, praise and worship.

Finding Contentment in Singleness | Amy Ambbs

Saturday at 1:15 pm

The road to contentment in singleness, with a desire for marriage, can be lonely and hard. God taught me through years of prolonged singleness how to surrender my desires, but not give up hope; how to have joy, but yet grieve the loss of fading dreams; how to be content, but yet not satisfied. My heart's desire is to encourage those who are single, that contentment is possible with God's help; and to encourage those who are married on how they can better walk this road with their loved ones who are single.

Snack N' Shop

All of Friday afternoon you are welcome to visit the Faith Baptist Bible College Bookstore (hours on the back). Take some time and enjoy the free snacks and free hot apple cider. The camp coffee shop will also be open.

Dessert Reception

Please join us in Jensen Hall (up & down) for free dessert after the Friday evening session.
